

Looking up Lunch Status

When a new student comes to your school from within the district their lunch status will be stored in PowerSchool.

To view whether a student is migrant, on the DC list, or otherwise free or reduced follow these steps.

Once the student has been enrolled in your school search for them by last name, click their name to open their record.

There are two places you can view a student's lunch status; a Custom Screen that shows their migrant status or just the Lunch screen.

Their Lunch page will show their status and the date the application was submitted and responded (if entered).
