Kivalina McQueen School is currently operating in the **Red – High Risk** operational zone until further notice due to the potential level of case impact to the community (Factor 1) and the number of positive cases (Factor 2).

All other schools are currently operating in the **Green – Low Risk** operational zone.

School risk operational zones are determined on an individual school basis in coordination with Maniilaq Health, local village leaders, and NWABSD Administration. Factors for changing risk operational zones include:

1. The level of case impact to the community,
2. The number of positive cases,
3. Number of quarantined cases,
4. The level of community compliance to current mandates,
5. Level of travel for residents,
6. Availability of staff, and
7. Other.

See the chart below for risk level statuses by school:
