**Noatak School** is currently operating in the **Red – High Risk** operational zone until further notice due to the level of community transmission (Factors 2 — see below).

**All other schools** are currently operating in the **Green – Low Risk** operational zone.

School risk operational zones are determined on an individual school basis in coordination with Maniilaq Health, local village leaders, and NWABSD Administration. Factors for changing risk operational zones include:

1. The level of case impact to the community,
2. The level of community transmission,
3. The level of community compliance to current mandates,
4. Vaccination coverage,
5. Availability of staff, and
6. Other.

See the chart below for risk level statuses by school:
