

NORTHWEST ARCTIC BOROUGH SCHOOL DISTRICT

Ambler · Buckland · Deering · Kiana · Kivalina · Kobuk · Kotzebue · Noatak · Noorvik · Selawik · Shungnak
PO Box 51 · Kotzebue, Alaska 99752 · Phone (907) 442-1800

December 6, 2021

Kiana school is currently operating in the **Red High-Risk** operational zone until further notice due to the level of case impact to the community and possible community transmission (Factors 1 & 2 — see below).

Noatak School is currently operating in the **Red High-Risk** operational zone until further notice due to the level of case impact to the community and availability of staff (Factors 1 & 5 — see below).

All other schools are currently operating in the **Green Low-Risk** operational zone.

The District Office and Noorvik school has had a student or staff member that was diagnosed with COVID after having attended school since our last report on 12/01/2021. Parents/staff were notified immediately, and all potentially exposed students and staff were identified.

To date, the NWABSD has had:

- 3** Possible classroom/school transmission (2 or more students/staff diagnosed w/ COVID)
- 6** Students/staff diagnosed with COVID upon return from out-of-region District sponsored travel

School risk operational zones are determined on an individual school basis in coordination with Maniilaq Health, local village leaders, and NWABSD Administration. Factors for changing risk operational zones include:

1. The level of case impact to the community,
2. The level of community transmission,
3. The level of community compliance to current mandates,
4. Vaccination coverage,
5. Availability of staff, and
6. Other.

See the chart below for risk level statuses by school:

Green Low-Risk Operational Zone

Ambler
Buckland
Deering
JNES
Kivalina
Kobuk
KMHS
Noorvik
Selawik
Shungnak

Red High-Risk Operational Zone

Kiana
Noatak

The NWABSD encourages you to discuss vaccinations with your Health Aide, Nurse Practitioner, or Family Doctor and to consider getting your children 5 years and older vaccinated against COVID-19 as soon as possible.
