June Nelson Elementary School, Kotzebue Middle High School, and STAR Magnet School are currently operating in **Red – High Risk** until further notice due to the ongoing fluctuation of number of positive cases (1), number of quarantine cases (2), and the level of travel into Kotzebue (4). Maniilaq Health has reported 17 COVID-19 positive quarantined cases in the last 14 days.

All other NWABSD schools are currently operating in **Yellow – Medium Risk** until further notice to practice, refine, and rehearse safety procedures. Maniilaq Health has reported no community spread and no COVID-19 positive quarantined cases in the last 14 days.

School risk levels are determined on an individual school basis in coordination with Maniilaq Health, local village leaders, and NWABSD Administration. Factors for changing risk levels include:

1. The number of positive cases,
2. Number of quarantined cases,
3. The level of community compliance to current mandates,
4. Level of travel for residents, and
5. Availability of staff.

= Current Maniilaq Health status of positive quarantined in each village COVID-19 cases in the last 14 days.
