

Graduated Student Transcripts

Any student who graduated in the 08-09 year or later has a transcript in PowerSchool.

Running transcripts from PowerSchool is the best option because:

- You can get a current signature/date
- Students who may have earned a COA when they graduated have been given diplomas
- Hard copies of transcripts in your files may not be complete

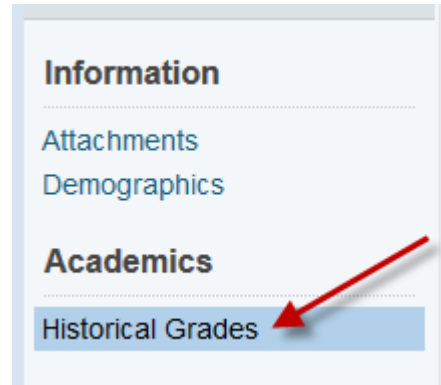

To switch schools click on 'School' in the top-right part of the page and choose Graduated Students.

All students in the Graduated Students school are inactive, you will need to use the / when you search. /lastname

Before you run a transcript for a student you will need to check to see if they have any quarter credit classes. We used to give quarter grades and quarter credit, we stopped doing this in the 07-08 year.

To check, click on the student's Historical Grades page. A student that has quarter credit will have grades and credit for Q1/Q2/Q3/Q4 terms. All students get quarter grades in MS, but there will be no credit earned.

Students who graduated more recently will only have S1/S2 grades and credit.
