1:1 Laptop Initiative Overview

Northwest Arctic Borough School District is proud to have an established 1:1 Laptop Initiative. This project lends a school-owned laptop computer to every student in ^{sixth} -12th grade for school use and 9-12th grade for school and home usage to expand and extend the educational process and to carry out and support the curriculum set forth by the school board. The impact on teaching and learning has been enormous. This initiative has provided the student with access to up-to-date information while simultaneously increasing their technology skills and workforce readiness.

In order to ensure success for our students, we want to be sure they understand that along with this great privilege comes significant responsibilities. Since each student and family is responsible for the proper care of this equipment, we are providing each family with a laptop handbook which details how to keep their laptop in optimal condition.

This handbook is based on Northwest Arctic Borough School District policies. Student and families are responsible for upholding district policies and procedures governing the use of school equipment. No modifications to any software, hardware or any of the equipment or services are permitted without prior permission from a designated Northwest Arctic Borough School District representative.

Expectations

Student Expectations

NWABSD is providing student access to its laptops, networks, and internet service for educational purposes and research consistent with the curriculum and instructional goals of the district and expect the students to:

- Follow all district policies and procedures governing the use of school equipment.
- Come to school with laptop battery fully charged.
- Charge laptop overnight or for at least five hours.
 - A dead battery is not an excuse for late or missing work unless there are maintenance issues.
- Back up all documents, files, multimedia projects.
- Use laptops for educational-related purposes.
- School laptops are not to be loaned or leased to anyone else.
- Use the laptop in a common family location when at home.
- Understand that the same rules and expectations that apply to non-technology related conduct and communication, also govern student use of computers.
- Help conserve resources by submitting documents electronically when possible.
 - Use print preview and obtain teacher permission before printing.
- Software/hardware/additional plugins are not to be installed on these laptops.
 - The student is responsible for damages caused by any attempts to do so.

- Properly store, care for and maintain laptops and associated equipment as outlined in “Laptop Handling and Care Instructions” (see Appendix B).
- The laptop comes with a protective carrying case for ease in carrying. Use this whenever carrying the laptop, when moving within the building, between classes, and outside of buildings.
 - To ensure safety and reduce the possibility of damage, the laptop is to remain in its case at all times.
- Keep laptop and computer base clear of any stickers, decorations, or other personal markings.
- Understand that intentional mishandling can result in loss of laptop use, disciplinary consequences, and/or deductible insurance costs for any needed repair or replacement.
- Notify appropriate building personnel including the site SYSOP and Principal if there are any problems with the laptop, including a breach of security. This will help get it repaired and returned quickly!
- Damage reported as accidental will be relayed to school administration who will review this information and report their findings to the student and parents personal setting changes such as scroll direction, desktop pictures, and screensavers when necessary.
- Changes to the base configuration can result in errors, which can be difficult and costly to repair.
 - Charges will be assessed to the student for the Technology time used to fix the device.
 - Students will be held responsible if any alteration is made.
 - This will result in appropriate disciplinary action.

The building principal shall have final authority to decide appropriate consequences if students are found to be responsible for any unacceptable activity.

Parent Expectations

For students to experience all of the success and benefits that this program can offer, the district encourages parents to:

- Share in their son or daughter’s excitement about this great opportunity and learn along with them as they use this instructional tool to enhance learning and prepare for their future in the 21st Century.
- Remind their son or daughter to charge the computer every single evening and bring it to school every day.
- Monitor inappropriate internet use and adherence to internet guidelines by the student when using their laptop (Appendix C).
- While NWABSD will provide some internet security via filtering (meaning some sites will be blocked), during home use, the NWABSD is not able to monitor appropriate student internet use.
 - Parents should ensure that their child adheres to internet guidelines established at home and school (see Appendix D).

- Oversee that students do not load software, hardware or plug-ins.
- Notify the site SYSOP and principal if the laptop requires repair or is lost or stolen no later than the next school day.
- Sign and follow the Parent/Student Laptop Contract.
- Reimburse the School District for any damages or loss (including theft) of the computer equipment, to the limits of the deductible, if such damage or loss is found to be due to negligence or misuse on the part of the student.
 - The policy on the deductible amount is described in detail in Appendix C.
- Ensure that only the student and family members will use the computer for school related purposes.
- Return the equipment at the end of the school year or upon leaving the district.

Safety & Copyright Use

Be Safe! Have Fun! Learn!

Remember:

1. Keep personal information about yourself or others off of the internet.
2. Keep all passwords to yourself.
3. You are responsible for your accounts. Take all reasonable precautions to prevent others from being able to use them.
4. The laptop is for your use only. This is one situation you should not share.
5. Notify a teacher immediately if you suspect problems with your laptop, including breach of security.
6. Follow all rules so you will not lose privileges and/or have to go through disciplinary actions.
7. To prevent loss/damage to your laptop NEVER leave it unattended.
8. Keep your closed laptop in its bag when traveling between classes.

Copyright Laws:

1. Respect the rights of copyright owners.
2. If you have any questions concerning what is considered legal, please speak to your teacher or administrator.

Prohibited Use & Consequences:

1. The user is responsible for his/her actions and activities involving School District:

a. Computers	d. His/her files
b. Networks	e. Passwords/Accounts.
c. Internet services	

Consequences for non-compliance with the policies and procedures laid out in this document will be aligned to the consequences in the NWABSD Student Handbook for similar situations.

This includes disciplinary actions and financial responsibilities.

Privacy & Repair

Expectation of Privacy:

- There should be no expectation of privacy regarding the contents of computer files or communication undertaken by way of the district computers and/or network.
- Teachers and/or district school administration may conduct a search of a student's computer files, music, video, email or other related items.
- The district will cooperate with local, state, and federal officials in any investigation related to suspected illegal activities conducted through the district computer system.

Repair, Replacement Requests & Support:

- If your laptop requires replacement or is lost or stolen, the parents and student are to notify the site SYSOP and principal immediately.
 - The main office will then notify the Technology Director.
- Every effort will be made to repair or replace the laptop in a timely fashion. If available, a replacement will be supplied to the student until the laptop is returned.
- Technical support is only available during school hours.
 - For simple problems, issues or questions, contact your building SYSOP for assistance. They will then determine the proper course of action given the situation

Appendix

D - WHAT EVERY PARENT NEEDS TO KNOW ABOUT INTERNET SAFETY

Northwest Arctic Borough School District takes its responsibility seriously to prepare all students with 21st Century tools and skills. Like any educational endeavor, parents and schools must work in partnership to assure students understand the responsible and safe use of these tools. Student internet use should be monitored at home as well as at school.

1. Discuss internet use with your children and clarify what they should and should not do online.
 - a. Make your expectations about internet use clear to your children.
 - b. Advise your children never to reveal their name, address, phone number, or school name online without your permission.
 - c. Advise your children never to upload or send pictures to people they do not know or for public viewing on the internet
 - d. Advise your children not to respond to "get rich quick" or "too good to be true" schemes and ads
 - e. Periodically monitor your children's use of the computer.
2. Encourage your children to share their knowledge of the internet and online learning experiences with you and to come to you with any concerns.
 - a. Ask your children to show you their favorite websites.
 - b. Ask your children to tell you about the exciting learning they have experienced online as part of their classwork
 - c. Encourage your children to come to you if they feel uncomfortable about the information they see online or in email.
 - d. If someone sends a message or image to your child that is inappropriate, report it to your principal.
3. If your children use email at home, review email safety tips with them.
 - a. Advise your children only to send email to people they know.
 - b. Encourage children to protect their email identity by using caution when completing online forms.
 - c. Advise children to never respond to email or online messages that are hostile, or inappropriate.
 - d. Advise children not to respond to junk email, a response that often causes more SPAM.
 - i. The Federal Trade Commission monitors SPAM.
 - ii. For more information on preventing SPAM or to fill out a complaint, you can go to the website: www.ftc.gov/spam

As in any environment, remind your children that when they are in "cyberspace" their safety is of utmost importance. Just as they would not get into a car with a stranger, warn children never to agree to "get together" with someone they meet online.
