

# Are you interested in a 4-year degree in science or math?

If so, apply for a  
**2021 UAS STEM Scholarship by February 15.**

The University of Alaska Southeast is offering generous scholarships (~\$6,100/year) for Alaska Native and rural students to pursue a bachelor's degree in **Biology, Environmental Resources, Environmental Science, Fisheries, Marine Biology, or Mathematics**. Students will work with a faculty mentor, have internship and job opportunities, and take fun and challenging courses in their field of choice. Apply for the scholarship <https://alaska.academicworks.com> when you apply to UAS. 2.5 GPA required. For more info, contact: David Tallmon, [datallmon@alaska.edu](mailto:datallmon@alaska.edu). Scholarship application reviews begin February 16, 2021.
